

Dual Credit Application Package

The CNC Dual Credit Program allows high school students to earn college credits while completing their high school education. This package will guide you and your parent/guardian through the steps needed to apply and begin your exciting journey into post-secondary learning.

- ☐ Download the Dual Credit program package
- ☐ Complete the Application Package. This includes the following forms:
 - Application For Admissions and Sponsorship Details
 - Course Request Form
 - Personal Information Collection Notice and Acknowledgment
 - School Staff Approval Form
- ❖ Work with your career education coordinator to select courses that fit your schedule and align with your goals.
- ❖ Once you complete the application and submit it to the career educational coordinator, the package will be sent to the administrative team for review and application submission.
- ❖ Your school will submit the dual credit program application, signed copies of both the student and parent information form and sponsorship form, along with a completed diploma verification to regoffice@cnc.bc.ca.

**Please ensure applications are filled out completely before submitting.
Incomplete applications will be returned to counsellors for review.**

Application submission deadlines:

- June for the Fall and Spring terms
- January for the Intersession term

We strongly recommend that students apply before the end of their Grade 10 or Grade 11 year to get the best course selection. This allows us to register the student into their preferred courses before seats fill up. Applications submitted after the deadline will still be processed, but course selection may be limited.

It should be noted that successful completion of your CNC courses does not guarantee admission to future CNC programs. If you wish to continue your studies at CNC after graduation, you must submit a new application for the desired program and meet all admission requirements at that time.

Dual Credit Course Offerings

For course details please visit cnc.bc.ca/admissions/register and select "View the Catalog" to see course descriptions as well as their scheduled dates and times. Please review courses carefully as some courses may only be offered in certain semesters.
